## Beaumont Ranch in Grandview, TX

Beaumont Ranch is an 800-acre guest & working cattle ranch that blends the charm and beauty of the Texas West with contemporary convenience.

Located just 35 minutes from downtown Fort Worth and Dallas, the ranch is just close enough to the city to allow convenience and just far enough to place you where the West begins.

We specialize in corporate and private client entertainment, with a herd of Texas longhorns, horses, two 20,000 sq. ft. event barns, a Bed & Breakfast and cowboys. The ranch is also home to an authentic western town, horse barn and miles of breath taking scenery.

Event Barn

Beaumont Ranch features sixteen rooms, a full service spa, 40,000 square feet of meeting/event space, complete catering services, children's programs, 33 rv sites with full hook ups, and an on-site cafe.

The atmosphere at Beaumont Ranch is upscale, but very relaxed. The old Chisholm Trail ran through the middle of Beaumont Ranch. Even today real cowboys on horseback can be seen herding longhorn cattle outside the ranch's 1880's Western Town, Chisholm Fork.

### Accommodations

All the rooms are decorated according to the person who would have occupied it in 1880 Texas. For example, the weaver's room is located directly above the weaver's shop. The weaver would have been a single woman and the room reflects her taste. Its walls are papered in the Arts and Crafts style. The airy bathroom has a slipper claw foot tub and a pull chain toilet. The room has a small balcony.

### Dining Arrangements

The full service catering department serves quiet dinners for two or banquets for thousands. All meals are best prescheduled before arrival. All events are custom. Breakfast is available in the cafe and included with any overnight stay. You may schedule the time for breakfast prior to arrival.

An Extravagantly Texan experience awaits you!
