South Padre Island Travel Information
Transportation and Contact Guide

TRANSPORTATION

You can reach South Padre Island in so many easy ways. The pirates of yesteryear would appreciate the convenience of the Queen Isabella Causeway, a 2.5-mile modern structure that links the Island to the mainland of Texas at Port Isabel. Driving directions from just about anywhere can be dialed up at 1-800-SOPADRE (767-2373), our Convention & Visitors Bureau.

Both Harlingen's Valley International Airport and Brownsville/South Padre Island International Airport in Brownsville are easily accessible if you're traveling the skyways.

DRIVING DIRECTIONS

HOUSTON: U.S. Highway 59 southwest to U.S. Highway 77 south (380 miles) to Texas Highway 100 east.
