## Natural Bridge Wildlife Ranch in San Antonio

In one moment, your car is surrounded by friendly and hungry wildebeests. In another, you spot a herd of majestic antelopes grazing under the shade of a live oak tree while a group of ostriches wanders nearby. Take it all in and you would think you're on a trek through the wilds of Africa. Nope! You're at the 500-acre, six-mile drive-thru safari at Natural Bridge Wildlife Ranch in San Antonio, which boasts hundreds of animals from over 40 species.

Beautiful Texas Hill County scenery provides a serene home to hundreds of animals. See, interact

with, and even feed some of these creatures from over 40 species during your very own self-guided Texas-

style safari. Promising plenty of educational family-friendly fun, a visit to this San Antonio attraction is ideal for youngsters and the young at heart alike.

Your African safari in Texas starts behind the wheel of your very own car. With a handy guidebook that will help you identify and learn about all the ranch's animals, you'll cruise along the scenic winding roads spotting American bison, Arabian Oryx, Gemsbok, African crowned cranes, and much more. Don't drive too fast as some of these animals will walk right up to your vehicle, an ideal time to roll down your window and toss out a handful of food (or strike a pose for a truly wild selfie).

Although your self-guided safari could fill up most of your day, it is by no means the only thing to do at Natural Bridge Wildlife Ranch. For the most educational and up-close experience, the ranch offers private guided tours. Your private Safari Tour Guide will take your family and friends on an unforgettable journey to learn more about the over 500 animals that roam the ranch. You're also able to get face-to-face with towering giraffes and majestic rhinos with the Giraffe Private VIP Experience and Rhino Private VIP Experience, respectively. In addition to feeding and brushing these beautiful animals, you'll learn all about the conservation efforts that go into ensuring the survival of their species. Be sure to go wild at the all-new Monkey'n Around when you'll meet gibbons, lemurs, and an amazing playground for kids!

Spend enough time exploring the ranch and you'll likely work up an appetite as big as the Serengeti, so herd your flock over to the Safari Camp Grill. The eatery's menu features fare both light and robust, as well as a dessert selection that includes the famous Zebra a la Mode. Speaking of dessert, you can also stop by the Safari Sweet Spot for some homemade fudge or a cold beverage. Order whatever your taste buds crave, then sit on the covered patio and watch the giraffes meander by – it beats people watching by a mile. Think you're done yet? Not a chance! After all, what would a visit to the Natural Bridge Wildlife Ranch be without a souvenir? Pay a visit to the Safari Trading Post for a unique memento, such as a t-shirt, cup, silver giraffe pendant, or even an ostrich egg.

Embark on an African Safari, Texas Style, and enjoy a remarkable day out with the whole family!
