South Padre Island

So Fun. So Padre.

In South Padre Island, we make things so fun. Don't believe us? Come see for yourself. Pack your swimsuits and flip flops for a tropical adventure on South Padre Island. Texas sunshine, warm water, and activities galore make this 34-mile long beach so cool. Sure, you can lounge on the shoreline. But, don't miss all the Island's favorite attractions – think wind and water sports, bay and deep sea fishing, Kemp's ridley sea turtle watching, indoor water coasters, and so much more. Make your next summer vacation so

amazing by making it So Padre.

Plus, [getting here's](#) a breeze! If you're flying, three airports in the Rio Grande Valley provide access to the Island - Brownsville South Padre Island International Airport (BRO), Valley International Airport (HRL), and McAllen International Airport (MFE). If you're boating, the Intracoastal Waterway provides access to boats of all sizes. If you're driving, we're just a quick road trip away – we're worth the drive. And, once you're here, simply walk, bike, or catch the Island Metro to explore the main strip, Padre Blvd.
